

## The Disappearing 4-Patch

Begin with 4 5" squares – two white (fabric provided) and two of a brightly colored fabric from your stash. (It can be plain, batik, tone-on-tone, or small print – just as long as it is **bright!**)

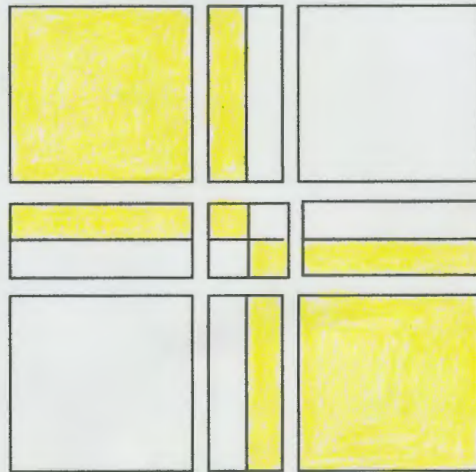

Sew the 4 pieces into a 4-patch.

Cut 1" on either side of the center seams, both horizontally and vertically.

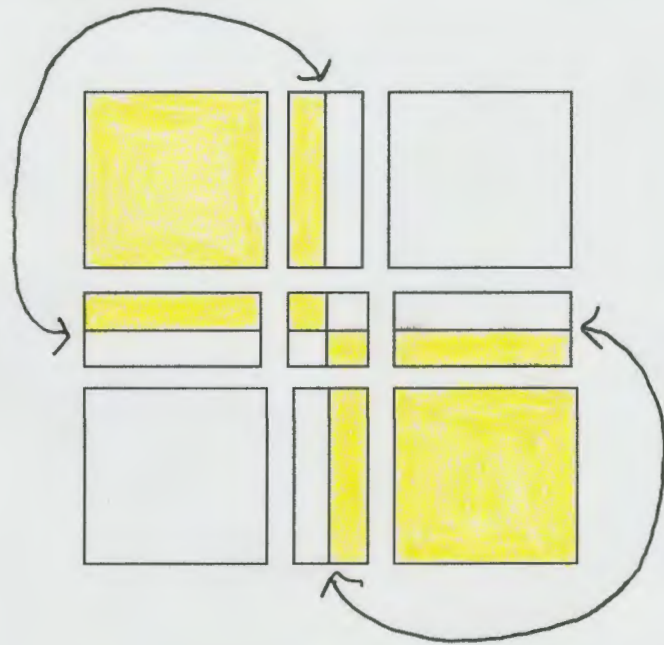

You will now have 9 separate pieces.

Swap the TOP row CENTER piece with the MIDDLE row LEFT piece.

Swap the BOTTOM row CENTER piece with the MIDDLE row RIGHT piece.

Sew the blocks together and you have a Disappearing 4-Patch!
