

Small Lap Texture Quilts

Materials:

Fabrics that have texture, such as: Corduroy, terry cloth, velveteen, knobby synthetics, etc.

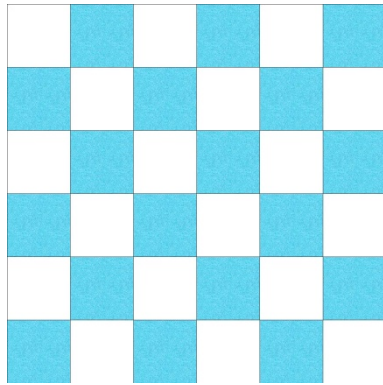

Premade quilt blocks and coordinating fabrics.

Fabric for the back of quilt should not be **slippery** so quilt won't slide off lap.

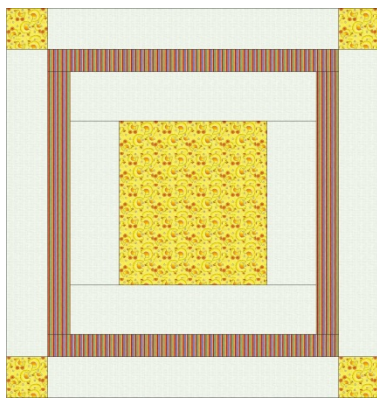

NOTE: All fabrics must be pre-washed.

These quilts are usually 36" x 36", and need no batting. A basic design can be made by cutting 36 six and ½" blocks, sewing them in rows 6 x 6, and adding a back fabric. We have recently had a request for 24 x 24 quilts for wheelchair patients.

Samples of texture quilts designs:

Another easy design is to start with a large center block and add borders:

Binding is optional or quilt can be lined and turned inside out like a pillow case.
