Assembling the Block

- Sew a B square (Black) to each G square (Color 3)
 Add a C rectangle (Black) to the side of each B/G unit. Finish size of B, C, G will be 4 $\frac{1}{2}$ in. square
- Add a D square (black) to the top right corner of each E rectangle (Color 1) and add D square to top left corner of each F rectangle (Color 2) using stitch and flip method. Stitch and flip method - draw a diagonal line corner to corner. Place right sides facing and stitch on drawn diagonal line. Trim to $\frac{1}{4}$ inch and flip open.
- Sew the E & F rectangles together
 Note: the points of E & F are sewn together for the point in this unit
 The E, F, D unit will measure 4 $\frac{1}{2}$ square - *Make 4 square up*
- Sew 2 of the E, F units to either side of A piece (Black)
- Add the B/G/C corner units to the remaining E F units
- Join the 3 rows to complete the block. Block with measure 12 $\frac{1}{2}$ inches square unfinished.
